THE WORLD'S FAIR.

It Will Be Held In 1892--Now Which City Will Carry Off the Prize.

WASHINGTON, Feb. 14.—The committee decided to hold the world's fair in 1892. The resolution provides for a continuous ballot for choice of site until one of the cities receives a majority of all the votes cast.

Assistant Secretary Tichenor has informed the collector of customs at New Orleans that beer made wholly from imported grain and hops, when exported in bottles of domestic or foreign manufacture, is entitled to draw-back, under section 3019, revised statutes, on the imported material used in the brewing.

General Rosecrans has written a letter in behalf of the society of Army of the Cumberland, thanking Secretary Proctor for detailing an officer to complete the series of maps presenting the position of the Union and Confederate troops in the battle of Chickamauga.

In the senate to day Mr. Sherman's resolution offered yesterday, providing for the consideration of business on the calendar, was agreed to and a number of bills were passed.

A LAND-SLIDE.

Two Miners Crushed to Death--Houses Swept Away.

WEAVERSVILLE, Cal., Feb. 14.—Word has been received here that two Chinese miners were crushed to death on February 3d by a land-slide on Dixons bar, about fifty miles from here. The land-slide dammed the water in the Trinity river and a large house and barn on its banks were swept away. Near San Joaquin Point another house, with all its contents, were carried away by the high water. The water is gradually making for itself a new channel.

THE KURDISH CHIEF

Is Confined in the Palace of the Sultan--Parnell Exonerated.

LONDON, Feb. 14.—Moussa Bey, the Kurdish chief, who was acquitted by a Turkish court of charges of robbery, outrage and oppression in Armenia, sufficiently grave and well based to have caused his conviction on the mere presentation of the allegations, has at last been run to earth.

At the request of Mr. Hirsch, United States minister at Constantinople, who has undertaken to right the alleged wrongs of two American missionaries, the sultan has had Moussa confined, not in a damp and loathsome dungeon, but in his own palace, the abode of the commander of the faithful.

The report of the Parnell special commission presented to parliament to-day, finds that the respondent members of the house of commons were not members of a conspiracy to establish the absolute independence of Ireland, but some of them, together with Michael Davitt, joined the land league with the intention to accomplish by its means, the independence of Ireland as a separate nation. The commission entirely acquits Mr. Parnell and the other accused members of insincerity in their denunciation of the Phœnix park murders, and finds that the fac simile letter published in the Times, upon which the charge was chiefly based as against Mr. Parnell was a forgery.

VIENNA, Feb. 14.—Prince Alexander of Battenburg, the ex-ruler of Bulgaria, who is known as the Count of Hartenau, has been appointed commandant of the Seventh regiment dragoons stationed in Vienna.

AMERICA WINS

The World's Championship for Fancy Skating at St. Petersburg.

MONTREAL, Feb. 14.—A cablegram from St. Petersburg says that Louis Rubenstein, the champion fancy skater of America, won the championship of the world in that city yesterday in the competition under the auspices of the St. Petersburg Ameteur Skating club. The contest took place on an open air ice, and among the countries which had representatives competing were Austria, Finland, Norway, Sweeden and Russia. From St. Petersburg Rubenstein goes to Hamburg and Amsterdam, where he will compete at fancy skating tournaments to be held at those places.

INDIANA WHITE CAPS

Brutally Whip an Innocent Farmer Near Patricksburg.

BLOOMINGTON, Ind., Feb. 14.—Philip Brammer, a weak minded and inoffensive farmer, living near Patricksburg, was seized Wednesday night while on his way home by masked men. They took him to an orchard, tied him to a tree and whipped him almost to insensibility. Brammer was left, covered with blood, lying on the ground and was nearly frozen before he recovered sufficiently to go home, where he arrived about daylight.

WHERE IS HE?

A Mysterious Disappearance at Rushville, This State.

RUSHVILLE, Feb. 14.—John T. Kirkpatrick, aged about thirty-eight years, who lives about two miles west of this city, came to town yesterday and remained until after night, visiting the various saloons. He was last seen about 12 o'clock, since which a vigilant search has failed to find him.

He had a small amount of money with him. His wife states that when he started to town he bade her good-bye, a thing unusual for him to do. His relations with his family have always been pleasant. The case is a complete mystery, and has stirred the entire city.

DOW LAW CONSTITUTIONALITY.

Cincinnati Saloonkeepers Go to the Supreme Court With Several Test Cases.

COLUMBUS, Ohio, Feb. 14.—Hon. E. G. Hewitt, as attorney for the Liquor Dealers' association of Cincinnati, yesterday filed three cases in the supreme court to test the constitutionality of the Dow law.

The first case is by John Sweroli and thirty-four others to recover $100 each; the second is John Cline, to recover $137, and John Bueter and 250 others to recover $200 each from Charles A. Miller, treasurer of Hamilton county, the sums representing taxes paid under protest in compliance with law.

DEATH OF A DWARF.

Miss Rosanna McIntire, Three Feet Three Inches High, Near Hartford City.

HARTFORD CITY, Ind., Feb. 14.—Miss Rosanna McIntire was buried to-day from the McIntire farm, in Wells county, ten miles north of the city.

She was a dwarf, aged forty-four years, was three feet three inches in height. Her dwarf sister, aged forty-one years, survives her, but the shock of losing her constant companion, it is feared, will be too much for her. The family is one of the best known in the country. Each of the dwarfs had from the estate 160 acres of land.

TRUSTEE GONE WRONG.

Alleged To Be More Than Five Thousand Dollars Short in His Accounts.

GREENFIELD, Ind., Feb. 14.—Albert Helms (republican-reform) trustee of Sugar Creek, was found short over $5,000, and resigned. Ezra Eaton (republican) was appointed to-day by Auditor Mitchell to fill the vacancy. Helms is the first republican trustee the township ever had.

GOES TO PRISON

For Three Months For Forging a Check of £1,000.

LONDON, Feb. 14.—A dispatch from Nice says that Benzon, otherwise known as Jubilee Juggins, who was arrested for forging a check for £1,000, and whose friends, it is said, made the loss good, has been sentenced to three months imprisonment and to pay the cost of the prosecution.

A Teacher's Removal.

NEW YORK, Feb. 14.—School Trustee Tisdale recently removed teacher Isabelle F. Lewis from one school to another without publicly giving any reason. Miss Lewis objected and there has been a good deal of gossip about the matter.

The Times this a. m. prints all the documents in the case, including Trustee Tisdale's report to Superintendent of Schools Jasper, in which the reason given for the transfer of the teacher is that Mr. Tisdale found her in the private room of her principal, Mr. B. D. L. Southerland, after school hours, and when there was no one else in the building.

It was thought best to quietly separate principal and teacher by a transfer, and avoid scandal. The Times severely condemns this course and says that if scandalous facts exist they should be exposed and abated, not suppressed.

FISH charms have been met with among many nations. The fish called the bullhead is used by some of the Russian peasants as a charm against fever. Many kinds of fish have two hard bones just within the sides of the head, and one species, the maigre, has these bones larger in proportion than many others. These two bones, called colic stones, are regarded to possess medicinal virtues. They were mounted in gold and hung round the neck.

ORTH STEIN!

The Notorious Lafayette Newspaper Man Turns up at Denver, Where He Assumes a Titled Role.

DENVER, Col., Feb. 14.—About the first of December last a well dressed young man made his appearance in Colorado Springs. He answered to the name of Captain Colthrope, and claimed to be a son of General Colthrope, of the British army, and a brother-in-law of Sir Richard Webster, England's attorney general. The exclusive English colony of the little city opened their doors and hearts to him at once, and for some weeks he was the lion of society. He visited this city and on invitation attended the annual reception of the Denver club, where he also carried all before him.

He was always ready for a quiet little game of draw, and for a subject of the queen was unusually adept at America's great game. On leaving the city he was a little short of funds, but several of his new-found friends gladly endorsed his checks on the Colorado Springs bank for $100 each. His stay at the Springs was only for a few hours, when he started for the west. He was in too much of a hurry to bid his many friends good-by, and it is needless to say his departure took place before the arrival of the Denver checks that were immediately returned to his admirers marked "no funds."

Soon after his departure several checks were returned from New York, that his susceptible victims in Colorado Springs had indorsed. The next heard of him was at Seattle, where he beat several English residents out of large sums by the bogus check racket. He was heard of next at Winnipeg, where he traded his army title for "My Lord." The identity of the man has been established, at least so it is claimed by Colorado Springs parties, and he is none other than the notorious Orth H. Stein, the newspaper man, forger and confidence operator, who killed Fredericks, the variety-show man, in Kansas City in 1883.

The man's history reads like a romance. He was at one time editor of the Lafayette, Ind., Daily Call, and also the Courier, and figured in a number of scrapes which will be readily recalled by Indianians. After his trial and acquittal at Kansas City he drifted west to San Francisco, forged a draft on C. P. Huntington, but escaped punishment through the instrumentality of his mother, went to Florida, was arrested for forgery, and released when the Whitechapel murders began to occur. His articles on the subject attracted the attention of Dr. Lathrop, of Baltimore, who befriended Stein, and in turn was taken in to the tune of $2,500. Stein escaped to England where he lived at the expense of many of the titled ones until about ten months ago. That he has turned the knowledge gained of English life to advantage is plain.

SHE'S DEAD IN LOVE.

Millionaire Snell's Daughter Was Determined to Have Green For a Husband.

NEW YORK, Feb. 14.—The World this morning devotes considerable space to the Green-Snell-McCrea marriage and trip to Europe. It states that it was learned yesterday that about a month ago Mrs. McCrea sent a letter to Green, in which she threatened to shoot him if he did not get a divorce from his wife and marry her.

Green was thoroughly alarmed at this letter and took it to Police Inspector Byrnes. The latter went to Mrs. McCrea and she promised to leave the city and trouble Green no more. It subsequently proved that Green was unable to keep away from the woman and they resumed their old relations. There seems to be no doubt but the European trip was proposed by her.

A dispatch from Savannah, where Green's wife is now staying with her brother-in-law, states that the deserted wife is prostrated with grief.

A LIVELY FIGHT

At Harper, Kan., Over a Railroad Election.

WICHITA, Kan., Feb. 14.—At Harper, sixty miles south of here, the ballot boxes for four wards in a railroad bond proposition vote were stolen Wednesday night. There was a bitter fight over the election Wednesday, and it is supposed that the proposition carried. The ballots for two precincts against bonds were not removed.

In attempting to make arrests yesterday, a street fight was started, in which one hundred men or more participated. One man was killed and many were badly injured; several, it is thought, fatally.

NEW CHURCH HOME.

The Second Presbyterian Services To Begin Sunday, March 9th.

The board of trustees of the Second Presbyterian church held a meeting last night. They decided to engage the renowned organist, Mr. Wyle, of Chicago, to execute on their new pipe organ at the new church on Tuesday, March 4.

The first worship in the new edifice will take place on the Sunday following, March 9.

An effort is being made to secure Rev. Dr. Moffatt and others to officiate on that occasion and it is to be sincerely hoped that the pastor, Rev. J. L. Leeper, will then have recovered sufficiently to be present.

NAME THE BABY.

The Land and Improvement Company Offer a Reward For a Name.

Give it a name!

That is what the land and improvement company have found to be a serious difficulty.

All manner of names for their new park across the river have been suggested by the parties interested, but now the company has decided to court public opinion.

They propose to offer $25 to the person submitting a name that will be finally accepted. Everybody will be asked to contribute what they think will be the most appropriate. The conditions will be announced in THE SENTINEL.

MASTER LUMBERMEN.

A Convention of the Pennsylvania Road Representatives at the Rich Hotel.

To-day at the Rich hotel is being held a meeting of the master lumbermen of the western system of the Pennsylvania company.

The object of the meeting is to effect a uniform system of operation and to confer on the subject in which they are alone deeply interested in behalf of the company.

These lumbermen get out timber for the construction of cars and for other uses.

Those who had arrived up to noon were J. B. Swann, C. Hollings, Dennison, Ohio; E. A. Austin, A. Lee, Indianapolis; P. Walters, E. J. Parson, Columbus; Charles H. Starr, J. L. Farinan, Logansport; Mr. A. Fischer, city. Others were expected to join the session.

WANT THEIR SHARE.

The Monroeville Breeze Views Matters Politically.

The Monroeville Breeze says: "Last week while visiting the city of Fort Wayne, a Breeze reporter accidently run onto a group of politicians who were warmly engaged in discussing the question as to how the city could down the country and get the city ring all into office.

"It would be advisable for the city to abandon such an idea, for to attempt such a course will be certain defeat for the democratic party. The country is entitled to their portion of the offices and are going to get it."

TO SHOW how abject is the worship of royalty in India, the following extracts from a poem written in Bombay to welcome Prince Albert Victor of Wales are pertinent: "A prince independent in dignity, high in beauty and grace, as lovely as the moon, the world boasts of the abilities of him descended from a royal line most exalted Born of an heir-apparent, at whose feet the highest heavens do reverence to whom the world far and wide pays homage, the confronting enemy yields readily to his sword."

A DECOY LETTER.

How It Caught a Georgia Negro Politician in Robbing the Mails--Other Telegrams.

ATHENS, Ga., Feb. 14.—W. A. Pledger, jr., a son of the noted negro politician, was arrested here yesterday for robbing the mails. Young Pledger was a postal clerk on the Lula and Athens route and was arrested after he had opened a decoy letter. In default of bail he is still in jail.

NEW YORK, Feb. 14.—Allan McKeaherie, cashier in the banking house of Albert A. Drake, 72 Broadway, was arrested last night for embezzling $2,200 from his employers.

LONDON, Feb. 14.—Earl Sidney, (Sir John Robert Townsend, P. C. G. C. B.) is dead. He was in the eighty-fifth year of his age.

CHICAGO, Feb. 14.—The case of Alderman McCormick, charged with disorderly conduct on the occasion of the assault upon Captain Schuttler by Saloonkeeper Robert Gibbons, who was fatally shot by the officer, was called in police court this morning. McCormick was found guilty and fined $25. He appealed the case.

CHICAGO, Feb. 14.—Four more jurors in the jury bribing case were secured this morning and sworn in.

NEW YORK, Feb. 14.—Miss Amie Fowler, the young English woman who is going to devote her life to the care of the lepers of Molakai, was tendered a reception last evening at the residence of Richard F. Downing in Brooklyn. Miss Fowler will leave New York on Monday next, for the Hawaiin Island. She will try to discover means to break the disease.

CHATTANOOGA, Tenn., Feb. 14.—Attachments were served on the Winingham Lumber company, of this city, yesterday in favor of creditors to the amount of $100,000. This will in all probability force an assignment. It is thought a company will be organized to assume the company's business and continue the business.

MILWAUKEE, Feb. 14.—Abraham English and William Diederich, were badly burned by an explosion in the Blatz brewery here last night.

AURORA, Feb. 14.—A vicious prize fight occurred here at 1 o'clock this morning between Reddy Brennan, of Montana and John Recket, of Streator, Ill., for a purse of $250 and a side bet of $500. Brennan lost in the seventh round on a foul. Ike Wier, the "Belfast spider," acted as referee.

ALLIANCE, Ohio, Feb. 14.—Fire broke out in Montgomery's restaurant early this morning and before it could be gotten under control, five adjoining building were destroyed. The loss is from $10,000 to $15,000.

ONLY A TRUCE!

Established Between Governor Miller and Treasurer Booker, of North Dakota.

BISMARCK, N. D., Feb. 14.—The declaration of peace between Governor Miller and State Treasurer Booker as to the former's alleged $10,000 offer to the governor, is more apparent than real. It is a surface truce, but the best interests of the republican party demand that it should be something more.

The senate's treatment of the attorney-general's opinion yesterday is indicative of the bad feeling that has been aroused. Every witness, pro and con, before the investigating committee adds fuel to the fire. The theory that the lottery advocates are doused politically is the theory of inexperience. The members who gave information to the press are known to the lottery champions, and they will be asked to come forward and tell what they know: If they decline their political assassination will be the order of the day.

A Sultan's Death.

WILL FIGHT FOR IT.

Indianapolis Displeased Because Fort Wayne Wants the Encampment.

Last evening the encampment committee of the G. A. R. met at George Humphrey post hall. The meeting was presided over by Chairman George D. Adams.

Letters from posts throughout the state were read and they were all in a spirit endorsing Fort Wayne as the place for holding the encampment in 1892.

Indianapolis is aroused over the energy displayed by the comrades in this city, and the G. A. R. committees there are urging upon the business men the importance of making the coming encampment a grand success, in order to assist them in getting the next one in '92.

Fort Wayne posts will have a great deal of support in her claim for the next encampment plum.

INVESTIGATING COMMITTEES.

They Decide to Take Different Routes and Then Compare Notes.

The special committee appointed by the council to visit cities to investigate pavement matters, met at the city hall last night. P. J. Scheid presided, and C. F. Haiber was secretary. On motion of Councilman Read, it was decided to divide the committee into three subcommittees to go in different directions. The division was made as follows:

Western Committee—Messrs. Scheid, Cody and Bandt, to visit Decatur, Springfield, Peoria, Bloomington, and Chicago, Ill.

Northeast Committee—Messrs. Meyer, Offenlach and Smith, to visit Mansfield, Fremont, Norwalk, Cleveland, and Toledo, Ohio.

East and southeast committee: Messrs. Read, chairman; Haiber, secretary; Hilgemann and Hilbrecht, to go to Columbus, Zanesville, Ohio; Wheeling, W. Va.; Steubenville, Ohio; Charleston, W. Va.; Pittsburg, Pa.; Buffalo, N. Y., at the latter place to give special attention to the inspection of asphalt pavement.

According to the resolution these committees are, in their examinations, to give especial attention to the following points:

1. Different kind of pavements in use.
2. The extent of each kind in use.
3. How long each kind has been in se.
4. The lasting quality of each kind.
5. The mode of making and laying each kind.
6. The price, per yard, of each kind.
7. The price in detail.
8. The guaranty given as to durability.
9. As to the adaptability of each pavement.
10. The opportunities to obtain material.
11. The price of materials delivered in this city.

The committees will all start by Monday. They are expected to return home within a week from the time of their departure.

It is thought that some valuable information may be gathered to touch upon the very important subject that is now uppermost in the minds of property owners so far as municipal improvements are concerned.

MODEST MAY.

She Tried to Drop Her Two Hundred and Eighty Pounds Into the St. Mary's.

Last night, Mrs. May Montgomery, a colored, woman and wife of Edward Montgomery, a driver for Renner, Cratsley & Co., was frustrated in an attempt to commit suicide at the Wells street bridge.

Her queer actions led a couple of pedestrians to truly suspicion that she had designs on her own life. They interfered as she was about to emulate McGinty, and after a hard struggle, May and her 280 pounds were lugged into the patrol wagon and conveyed to the police station. She was released on petition of her husband.

The officers state that the woman had been drinking.

Mrs. Montgomery is the daughter of Joseph Wall, the colored murderer, and some regard her as not being responsible for her actions at times.

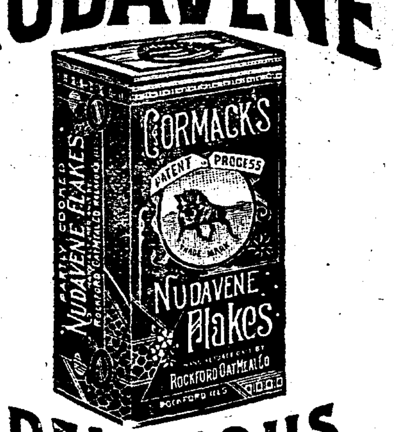

Mr. and Mrs. Montgomery have not been getting along well in domestic happiness.

A TARIFF reform club has been organized at Warsaw.

IT is said that Mayor L. W. Royse, of Warsaw, will be a candidate for member of congress from that district before the next Republican convention. Aside from his politics, Mr. Royse is an excellent man. He is one of the most eloquent orators in Northern Indiana.

MR. C. G. CONN, of Elkhart, of whom considerable has been said in months past, and who established the Daily and Weekly Truth, in order to strike back at his assailants, has purchased the Elkhart Sentinel, and W. H. Norton, editor of the Sentinel, will have charge of the new Truth.

MRS. J. ELLEN FOSTER, J. N. Stearns, and J. W. S. E. MORSS, formerly of this city, but now editor of the Indianapolis Sentinel, has recently been in Washington spending a few weeks, and in a letter to his paper has this to say about President Harrison: "He never was a popular man. There is nothing about him to captivate the public imagination. He is utterly devoid of tact. He has an extraordinary faculty of making everybody uncomfortable that comes near him. He doesn't understand human nature, and he never will. He is reserved, taciturn, suspicious. He does nothing graciously. When he confers a favor he does it in a way that leaves a sting. There have been many presidents who could decline a request and leave the disappointed man with a better taste in his mouth than the average recipient of Harrison's official favors has. There are several ways of doing things, and Harrison rarely fails to take the most disagreeable and offensive way of doing things, which, of themselves, might not be especially objectionable."

It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TRIP OVER THE TIES!

The Day's News as Heard Around the Railroad and Manufacturing Centers of the City.

The railroad depots are dull.

News did not fly on the breeze today.

This is the shortest month in the year.

The Grand Rapids pay car is on its rounds.

The Bass machinists are dandy entertainers.

The Olds works pay their employes to-morrow.

The Olds wheel works are crowded with orders.

Many of the shop employes received valentines to-day.

The Wabash shops in this city are busy with repair work.

The electric light works will probably place a plant at Terre Haute.

The Bass machinists will give a pleasant hop at Arion hall to-night.

Robert Gilbert and Frank Riley have taken positions at the Olds wheel works.

The manufacturing establishments of the city are keeping their employes busy.

The Olds wheel works has put two automatic spoke turning machines in their factory.

Will Rehling, of the electric light works, had his thumb badly mashed in the machinery yesterday.

The Olds wheel works made a large shipment of spoke machinery and two band saws to Livermore, Ky., yesterday.

Charles Schermeyer, formerly on the mail carrier force, has taken a position as caller at the Pittsburg freight office.

George V. Kelley, night caller for the Wabash road at Andrews, died yesterday. He was twenty-eight years old and leaves a family.

The Old wheel works are now turning out 360 sets of wheels a day. They expect to increase their capacity so that 400 sets can be turned out a day.

W. W. Worthington, formerly superintendent of the Fort Wayne, Cincinnati and Louisville road, is now in Georgia looking after the construction of a new southern line.

George Jacobs, of the Merchants' Dispatch office, at Indianapolis, has accepted the position of private secretary to J. B. Barnes, superintendent of motive power of the Wabash, with headquarters at Springfield, Ill.

The thirty-fifth annual meeting of the American association of general ticket and passenger agents will be held in the City of Mexico, on the 18th of March. An elegant Pullman train is to be fitted out to carry the delegates to the convention.

The directors of the New York Central railroad have created the office of general manager, and promoted General Superintendent Toucey to that office, and Theodore Voorhees from assistant general superintendent to general superintendent.

Manager Geary, of the World's museum, is going to give a benefit performance to Brakeman Bley, who was injured on the road the other day. This is a manly and a generous act and should entitle Mr. Geary to the remembrance of the railroad men.

Within the last forty days twenty-three miles of steel rails, weighing sixty pounds to the yard, has been placed in the track of the Ohio, Indian and Western road (Peoria division). Every foot of the Ohio, Indiana and Western main line is now laid with steel rail.

Secretary John I. White, of the Bass foundry and machine works, who is making a business trip through the west, writes Treasurer R. J. Fisher, of the works, an interesting letter on the paving question, giving information gathered from his trip through the big western cities. He favors asphaltum.

An official circular was issued yesterday by President Ingalls, of the Big Four, announcing that with the retiree of General Superintendent Blee, the office which he has filled is abolished. All division superintendents are ordered to report to E. A. Peck, assistant general superintendent. It is not believed this is meant to be a permanent arrangement.

The growth of the passenger business over the east and west lines crossing Indiana is a matter which excites a good deal of comment. Carefully prepared statistics show that within five years the business has doubled in its volume, and last year it exceeded any former year 15 per cent. The weaker lines, with their elegant new equipments, share with the strong lines in the improvement.

Colonel Lee, who is projecting a railroad line from Fort Wayne, along the Pittsburg, Fort Wayne and Chicago road, announces that he has a written contracts consolidating it with the Mahoning road. Colonel Lee has been working up the people at Plymouth, Valpairaso, and other points west to vote aid to the building of the New York, Fort Wayne, and Chicago railway. Elections will be held in April and May to decide the matter.

The proceedings of the Indiana state board of equalization in the assessment and equalization of railroad property for the purpose of taxation for the year 1889 shows the assessed valuation of railroad property in the several counties of Northern Indiana to be as follows:

Allen	$2,678,675
DeKalb	1,279,785
Elkhart	1,263,489
Kosciusko	1,414,355
Lagrange	256,010
Laporte	3,246,392
Noble	1,282,455
Porter	2,720,094
Steuben	187,055
St. Joseph	1,378,405
Whitley	987,753

THE EIGHT-HOUR MOVEMENT.

"Eight hours for work, eight hours for rest, eight hours for what we will."

This, says the New York World, is the standard under which the American Federation of Labor, of which Samuel Gompers is president, has begun the battle to inaugurate the eight-hour movement May 1 next.

The matter was first considered at the annual convention of the organization, held in St. Louis in December 1888. It was determined to start the agitation and keep it up night and day until it brought forth the fruit so much desired. The workers were in earnest, and the movements has been kept before the eyes of the public ever since.

The organization has grown steadily, additional trades have become affiliated and thousands of strong armed laborers have entered the ranks, until the American Federation of Labor now represents nearly 5,000 trades unions, numbering according to the latest reports, 586,800 members.

The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health giving, blood purifying and appetite-restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition, when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

The house of commons contains many men of great age. Seven of its members sat in parliament before 1832.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

How to Cure La Grippe.

From the Des Moines Mail and Times.

Mr. George Tennant of this city, in conversation with a representative of the Mail and Times, one evening this week, said: "Yes, I took this prevailing influenza. I gave up work and went to bed. I had a dreadful cough and was very sick, but am all right now." We ventured to ask what remedy had proven successful in his case. "O, Chamberlain's Cough Remedy. I used a whole bottle, it brought me out all right; I feel first rate now. We are never without Chamberlain's medicines in our family."

This testimony is only one of many that might be given to show the value of these preparations. Those who are afflicted with this malady would do well to use Chamberlain's Cough Remedy. If used as directed it will be found effectual. Fifty cent bottles for sale by Geo. H. Loesch.

The Knights of the Golden Eagle gave their first annual hop last evening at Turner hall. A happy surprise during the evening was the presentation to the organization of a silk banner, Mrs. John A. Thieme doing the honors. Mr. McCaul accepted the gift. The First Regiment orchestra discoursed the music and these committees were in charge: Managers—J. Gronendike, manager in chief; O. M. Scott, assistant manager. Committee of arrangements—J. Benedict, J. A. Thieme, George H. Seaboldt, S. Lavanway and C. W. Pens. Floor managers—A. Kellar, F. J. Boerger, G. Troutman, G. Keiffer, W. C. Siebold, G. Gates, Joe Curr and G. Bushet. Reception committee—Charles F. W. Thieme, J. O. Brown, J. W. Tlickenger, John W. McDonald, H. W. Hislop, William Falshing and F. Stilson.

Infernal Ingenuity

Could scarcely devise more excruciating tortures than those of which you see the evidences in the face of a rheumatic or neuralgic sufferer. The agonies are the consequence of not checking a rheumatic or neuralgic attack at the outset. Hostetter's Stomach Bitters has been found by skillful medical practitioners to possess not only remedial, but defensive efficacy, where those diseases exist, or a tendency to them is exhibited. Surely this puissant but safe botanic medicine, bearing, too, such high specific sanction, is better than the poisons often employed, but most unsafe, not only in continuance, but in isolated doses. The blood is depurated thoroughly from the rheumatic virus, and the nerves, slightly impurged upon, save from ultimate and direful throes by this benign, saving medicine, which likewise exhibits marked efficacy for malaria, kidney complaints, dyspepsia, constipation and liver complaint.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Boston is already close up to the debt limit, but it borrows $600,000 for additional parks.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

SUGGESTIONS FOR THE SEASON.

[Medical Journal.]

Be specially careful of draughts and sudden changes.

Do not overwork. Of what use is wealth without health?

Keep your feet dry, but do not wear overshoes all the time.

Remember that the pores of your skin, when in health, are always open, and that closing them causes sickness.

Dress warmly, but not heavily. Woolen clothing that permits the exhalations of the body to escape, is the best.

Eat strengthening and hearty, but not too much greasy food. It is a mistake to suppose that fat food contains the most vitality.

If you feel chilly at any time, take a drink of pure whisky at once. Duff's Pure Malt is the purest and best and has the highest recommendations.

Do not call the Doctor for every slight ailment. If you have a cold, feel depressed and lack appetite and vigor you need something to tone and build up the system. Nothing will do this so readily as the pure article we have mentioned.

All delinquent taxes due from the payee of any County order must be paid before such order will be redeemed.

Sale of Lands and Lots for Delinquent Taxes, **Second Monday in February, 1890.**

I have also received the Gravel Road and Ditch Duplicates. All persons having Gravel Road or Ditch Tax will please call for such Tax.

The Treasurer will not be responsible for the penalty and charges on Delinquent Taxes, resulting from any omission of the person paying, to state definitely on what property, in whose name, and in what Township or Corporation it was assessed.

Assignees, Guardians, Administrators and others who pay taxes on property in trust, and persons whose taxes are complicated, such as undivided estates, etc., are earnestly requested to settle such taxes before the last few days, as it requires considerable time to make the division and separate receipts.

Tax Payers should examine receipts and change before leaving the Treasurer's Office, and see that they are correct.

THE KURDISH CHIEF

Is Confined in the Palace of the Sultan--Parnell Exonerated.

LONDON, Feb. 14.—Moussa Bey, the Kurdish chief, who was acquitted by a Turkish court of charges of robbery, outrage and oppression in Armenia, sufficiently grave and well based to have caused his conviction on the mere presentation of the allegations, has at last been run to earth.

At the request of Mr. Hirsch, United States minister at Constantinople, who has undertaken to right the alleged wrongs of two American missionaries, the sultan has had Moussa confined, not in a damp and loathsome dungeon, but in his own palace, the abode of the commander of the faithful.

The report of the Parnell special commission presented to parliament to-day, finds that the respondent members of the house of commons were not members of a conspiracy to establish the absolute independence of Ireland, but some of them, together with Michael Davitt, joined the land league with the intention to accomplish by its means, the independence of Ireland as a separate nation. The commission entirely acquits Mr. Parnell and the other accused members of insincerity in their denunciation of the Phœnix park murders, and finds that the fac simile letter published in the Times, upon which the charge was chiefly based as against Mr. Parnell was a forgery.

VIENNA, Feb. 14.—Prince Alexander of Battenburg, the ex-ruler of Bulgaria, who is known as the Count of Hartenau, has been appointed commandant of the Seventh regiment dragoons stationed in Vienna.

AMERICA WINS

The World's Championship for Fancy Skating at St. Petersburg.

MONTREAL, Feb. 14.—A cablegram from St. Petersburg says that Louis Rubenstein, the champion fancy skater of America, won the championship of the world in that city yesterday in the competition under the auspices of the St. Petersburg Ameteur Skating club. The contest took place on an open air ice, and among the countries which had representatives competing were Austria, Finland, Norway, Sweeden and Russia. From St. Petersburg Rubenstein goes to Hamburg and Amsterdam, where he will compete at fancy skating tournaments to be held at those places.

INDIANA WHITE CAPS

Brutally Whip an Innocent Farmer Near Patricksburg.

BLOOMINGTON, Ind., Feb. 14.—Philip Brammer, a weak minded and inoffensive farmer, living near Patricksburg, was seized Wednesday night while on his way home by masked men. They took him to an orchard, tied him to a tree and whipped him almost to insensibility. Brammer was left, covered with blood, lying on the ground and was nearly frozen before he recovered sufficiently to go home, where he arrived about daylight.

WHERE IS HE?

A Mysterious Disappearance at Rushville, This State.

RUSHVILLE, Feb. 14.—John T. Kirkpatrick, aged about thirty-eight years, who lives about two miles west of this city, came to town yesterday and remained until after night, visiting the various saloons. He was last seen about 12 o'clock, since which a vigilant search has failed to find him.

He had a small amount of money with him. His wife states that when he started to town he bade her good-bye, a thing unusual for him to do. His relations with his family have always been pleasant. The case is a complete mystery, and has stirred the entire city.

DOW LAW CONSTITUTIONALITY.

Cincinnati Saloonkeepers Go to the Supreme Court With Several Test Cases.

COLUMBUS, Ohio, Feb. 14.—Hon. E. G. Hewitt, as attorney for the Liquor Dealers' association of Cincinnati, yesterday filed three cases in the supreme court to test the constitutionality of the Dow law.

The first case is by John Sweroli and thirty-four others to recover $100 each; the second is John Cline, to recover $137, and John Bueter and 250 others to recover $200 each from Charles A. Miller, treasurer of Hamilton county, the sums representing taxes paid under protest in compliance with law.

DEATH OF A DWARF.

Miss Rosanna McIntire, Three Feet Three Inches High, Near Hartford City.

HARTFORD CITY, Ind., Feb. 14.—Miss Rosanna McIntire was buried to day from the McIntire farm, in Wells county, ten miles north of the city.

She was a dwarf, aged forty-four years, was three feet three inches in height. Her dwarf sister, aged forty-one years, survives her, but the shock of losing her constant companion, it is feared, will be too much for her. The family is one of the best known in the country. Each of the dwarfs had from the estate 160 acres of land.

TRUSTEE GONE WRONG.

Alleged To Be More Than Five Thousand Dollars Short in His Accounts.

GREENFIELD, Ind., Feb. 14.—Albert Helms (republican-reform) trustee of Sugar Creek, was found short over $5,000, and resigned. Ezra Eaton (republican) was appointed to-day by Auditor Mitchell to fill the vacancy. Helms is the first republican trustee the township ever had.

GOES TO PRISON

For Three Months For Forging a Check of $1.000.

LONDON, Feb. 14.—A dispatch from Nice says that Benzon, otherwise known as Jubilee Juggins, who was arrested for forging a check for £1,000, and whose friends, it is said, made the loss good, has been sentenced to three months imprisonment and to pay the cost of the prosecution.

A Teacher's Removal.

NEW YORK, Feb. 14.—School Trustee Tisdale recently removed teacher Isabelle F. Lewis from one school to another without publicly giving any reason. Miss Lewis objected and there has been a good deal of gossip about the matter.

The Times this a. m. prints all the documents in the case, including Trustee Tisdale's report to Superintendent of Schools Jasper, in which the reason given for the transfer of the teacher is that Mr. Tisdale found her in the private room of her principal, Mr. B. D. L. Southerland, after school hours, and when there was no one else in the building.

It was thought best to quietly separate principal and teacher by a transfer, and avoid scandal. The Times severely condemns this course and says that if scandalous facts exist they should be exposed and abated, not suppressed.

Fish charms have been met with among many nations. The fish called the bullhead is used by some of the Russian peasants as a charm against fever. Many kinds of fish have two hard bones just within the sides of the head, and one species, the maigre, has these bones larger in proportion than many others. These two bones, called colic stones, are regarded to possess medicinal virtues. They were mounted in gold and hung round the neck.

ORTH STEIN!

The Notorious Lafayette Newspaper Man Turns up at Denver. Where He Assumes a Titled Role.

DENVER, Col., Feb. 14.—About the first of December last a well dressed young man made his appearance in Colorado Springs. He answered to the name of Captain Colthrope, and claimed to be a son of General Colthrope, of the British army, and a brother-in-law of Sir Richard Webster, England's attorney general. The exclusive English colony of the little city opened their doors and hearts to him at once, and for some weeks he was the lion of society. He visited this city and on invitation attended the annual reception of the Denver club, where he also carried all before him.

He was always ready for a quiet little game of draw, and for a subject of the queen was unusually adept at America's great game. On leaving the city he was a little short of funds, but several of his new-found friends gladly endorsed his checks on the Colorado Springs bank for $100 each. His stay at the Springs was only for a few hours, when he started for the west. He was in too much of a hurry to bid his many friends good-by, and it is needless to say his departure took place before the arrival of the Denver checks that were immediately returned to his admirers marked "no funds."

Soon after his departure several checks were returned from New York, that his susceptible victims in Colorado Springs had indorsed. The next heard of him was at Seattle, where he beat several English residents out of large sums by the bogus check racket. He was heard of next at Winnipeg, where he traded his army title for "My Lord." The identity of the man has been established, at least so it is claimed by Colorado Springs parties, and he is none other than the notorious Orth H. Stein, the newspaper man, forger and confidence operator, who killed Fredericks, the variety-show man, in Kansas City in 1883.

The man's history reads like a romance. He was at one time editor of the Lafayette, Ind., Daily Call, and also the Courier, and figured in a number of scrapes which will be readily recalled by Indianians. After his trial and acquittal at Kansas City he drifted west to San Francisco, forged a draft on C. P. Huntington, but escaped punishment through the instrumentality of his mother, went to Florida, was arrested for forgery, and released when the Whitechapel murders began to occur. His articles on the subject attracted the attention of Dr. Lathrop, of Baltimore, who befriended Stein, and in turn was taken in to the tune of $2,500. Stein escaped to England where he lived at the expense of many of the titled ones until about ten months ago. That he has turned the knowledge gained of English life to advantage is plain.

SHE'S DEAD IN LOVE.

Millionaire Snell's Daughter Was Determined to Have Green For a Husband.

NEW YORK, Feb. 14.—The World this morning devotes considerable space to the Green-Snell-McCrea marriage and trip to Europe. It states that it was learned yesterday that about a month ago Mrs. McCrea sent a letter to Green, in which she threatened to shoot him if he did not get a divorce from his wife and marry her.

Green was thoroughly alarmed at this letter and took it to Police Inspector Byrnes. The latter went to Mrs. McCrea and she promised to leave the city and trouble Green no more. It subsequently proved that Green was unable to keep away from the woman and they resumed their old relations. There seems to be no doubt but the European trip was proposed by her.

A dispatch from Savannah, where Green's wife is now staying with her brother-in-law, states that the deserted wife is prostrated with grief.

A LIVELY FIGHT

At Harper, Kan., Over a Railroad Election.

WICHITA, Kan., Feb. 14.—At Harper, sixty miles south of here, the ballot boxes for four wards in a railroad bond proposition vote were stolen Wednesday night. There was a bitter fight over the election Wednesday, and it is supposed that the proposition carried. The ballots for two precincts against bonds were not removed.

In attempting to make arrests yesterday, a street fight was started, in which one hundred men or more participated. One man was killed and many were badly injured; several, it is thought, fatally.

NEW CHURCH HOME.

The Second Presbyterian Services To Begin Sunday, March 9th.

The board of trustees of the Second Presbyterian church held a meeting last night. They decided to engage the renowned organist, Mr. Wyle, of Chicago, to execute on their new pipe organ at the new church on Tuesday, March 4.

The first worship in the new edifice will take place on the Sunday following, March 9.

An effort is being made to secure Rev. Dr. Moffatt and others to officiate on that occasion and it is to be sincerely hoped that the pastor, Rev. J. L. Leeper, will then have recovered sufficiently to be present.

They propose to offer $25 to the person submitting a name that will be finally accepted. Everybody will be asked to contribute what they think will be the most appropriate. The conditions will be announced in THE SENTINEL.

WANT THEIR SHARE.

The Monroeville Breeze Views Matters Politically.

The Monroeville Breeze says: "Last week while visiting the city of Fort Wayne, a Breeze reporter accidently ran onto a group of politicians who were warmly engaged in discussing the question as to how the city could down the country and get the city ring all into office.

"It would be advisable for the city to abandon such an idea, for to attempt such a course will be certain defeat for the democratic party. The country is entitled to their portion of the offices and are going to get it."

To show how abject is the worship of royalty in India, the following extracts from a poem written in Bombay to welcome Prince Albert Victor of Wales are pertinent: "A prince independent in dignity, high in beauty and grace, as lovely as the moon, the world boasts of the abilities of him descended from a royal line most exalted Born of an heir-apparent, at whose feet the highest heavens do reverence to whom the world far and wide pays homage, the confronting enemy yields readily to his sword."

NEW YORK, Feb. 14.—Miss Amie Fowler, the young English woman who is going to devote her life to the care of the lepers of Molakai, was tendered a reception last evening at the residence of Richard F. Downing in Brooklyn. Miss Fowler will leave New York on Monday next, for the Hawaiin Island. She will try to discover means to break the disease.

CHATTANOOGA, Tenn., Feb. 14.—Attachments were served on the Winingham Lumber company, of this city, yesterday in favor of creditors to the amount of $100,000. This will in all probability force an assignment. It is thought a company will be organized to assume the company's business and continue the business.

MILWAUKEE, Feb. 14.—Abraham English and William Diederich, were badly burned by an explosion in the Blatz brewery here last night.

AURORA, Feb. 14.—A vicious prize fight occurred here at 1 o'clock this morning between Reddy Brennan, of Montana and John Recket, of Streator, Ill., for a purse of $250 and a side bet of $500. Brennan lost in the seventh round on a foul. Ike Wier, the "Belfast spider," acted as referee.

ONLY A TRUCE!

Established Between Governor Miller and Treasurer Booker, of North Dakota.

BISMARCK, N. D., Feb. 14.—The declaration of peace between Governor Miller and State Treasurer Booker as to the former's alleged $10,000 offer to the governor, is more apparent than real. It is a surface truce, but the best interests of the republican party demand that it should be something more.

The senate's treatment of the attorney-general's opinion yesterday is indicative of the bad feeling that has been aroused. Every witness, pro and con, before the investigating committee adds fuel to the fire. The theory that the lottery advocates are doused politically is the theory of inexperience. The members who gave information to the press are known to the lottery champions, and they will be asked to come forward and tell what they know: If they decline their political assassination will be the order of the day.

WILL FIGHT FOR IT.

Indianapolis Displeased Because Fort Wayne Wants the Encampment.

Last evening the encampment committee of the G. A. R. met at George Humphrey post hall. The meeting was presided over by Chairman George D. Adams.

Letters from posts throughout the state were read and they were all in a spirit endorsing Fort Wayne as the place for holding the encampment in 1892.

Indianapolis is aroused over the energy displayed by the comrades in this city, and the G. A. R. committees there are urging upon the business men the importance of making the coming encampment a grand success, in order to assist them in getting the next one in '92.

Fort Wayne posts will have a great deal of support in her claim for the next encampment plum.

INVESTIGATING COMMITTEES.

They Decide to Take Different Routes and Then Compare Notes.

The special committee appointed by the council to visit cities to investigate pavement matters, met at the city hall last night. P. J. Scheid presided, and C. F. Haiber was secretary. On motion of Councilman Read, it was decided to divide the committee into three subcommittees to go in different directions. The division was made as follows:

Western Committee—Messrs. Scheid, Cody and Bandt, to visit Decatur, Springfield, Peoria, Bloomington, and Chicago, Ill.

Northeast Committee—Messrs. Meyer, Offenlach and Smith, to visit Mansfield, Fremont, Norwalk, Cleveland, and Toledo, Ohio.

East and southeast committee: Messrs. Read, chairman; Haiber, secretary; Hilgemann and Hilbrecht, to go to Columbus, Zanesville, Ohio; Wheeling, W. Va.; Steubenville, Ohio; Charleston, W. Va.; Pittsburg, Pa.; Buffalo, N. Y., at the latter place to give special attention to the inspection of asphalt pavement.

According to the resolution these committees are, in their examinations, to give especial attention to the following points:

1. Different kind of pavements in use.
2. The extent of each kind in use.
3. How long each kind has been in use.
4. The lasting quality of each kind.
5. The mode of making and laying each kind.
6. The price, per yard, of each kind.
7. The price in detail.
8. The guaranty given as to durability.
9. As to the adaptability of each pavement.
10. The opportunities to obtain material.
11. The price of materials delivered in this city.

The committees will all start by Monday. They are expected to return home within a week from the time of their departure.

It is thought that some valuable information may be gathered to touch upon the very important subject that is now uppermost in the minds of property owners so far as municipal improvements are concerned.

MODEST MAY.

She Tried to Drop Her Two Hundred and Eighty Pounds Into the St. Mary's.

Last night, Mrs. May Montgomery, a colored, woman and wife of Edward Montgomery, a driver for Renner, Cratsley & Co., was frustrated in an attempt to commit suicide at the Wells street bridge.

Her queer actions led a couple of pedestrians to truly suspicion that she had designs on her own life. They interfered as she was about to emulate McGinty, and after a hard struggle, May and her 280 pounds were lugged into the patrol wagon and conveyed to the police station. She was released on petition of her husband.

The officers state that the woman had been drinking.

Mrs. Montgomery is the daughter of Joseph Wall, the colored murderer, and some regard her as not being responsible for her actions at times.

Mr. and Mrs. Montgomery have not been getting along well in domestic happiness.

FRIDAY, FEB. 14, 1890.

A TARIFF reform club has been organized at Warsaw.

FINDLAY, Ohio, will pave several miles of her streets this summer.

THE twenty sixth national Saengerfest is now in session at New Orleans.

THE new code of rules occupies the attention of the lower house of congress.

FORT WAYNE should extend a welcome and liberal hand to manufacturers seeking a location in this city.

THE people of Larwell, Ind., are all terrorized by the appearance of a wild and ferocious animal in their neighborhood.

THE young folks are happy to-day. Missives sweet and sour are flying through the mails, because it is Valentine day.

THE Northern Indiana Teachers' and Superintendents' association will hold a ten days session at Columbia City, April 4th and 5th.

THE anniversary of Lincoln's birth occurred Wednesday. The anniversary of Washington's birth occurs one week from to-morrow.

THE seventieth birthday of Mrs. Susan B. Anthony occurs to-morrow and as yet we have heard of no move to celebrate it in this city.

THE president has authorized the expenditure of $3,000 for the relief of the present urgent needs of the Devil's Lake Indians in North Dakota. A measure is pending in congress appropriating $25,000 additional for the subsistence of these Indians.

IT is said that Mayor L. W. Royse, of Warsaw, will be a candidate for member of congress from that district before the next Republican convention. Aside from his politics, Mr. Royse is an excellent man. He is one of the most eloquent orators in Northern Indiana.

MR. C. G. CONN, of Elkhart, of whom considerable has been said in months past, and who established the Daily and Weekly Truth, in order to strike back at his assailants, has purchased the Elkhart Sentinel, and W. H. Norton, editor of the Sentinel, will have charge of the new Truth.

MRS. J. ELLEN FOSTER, J. N. Stearns, and J. W. Powell, appeared before the house committee on alcoholic traffic yesterday, and made an argument in favor of a bill for the appointment of a commissioner of the alcoholic liquor traffic; also a bill to prohibit the shipment of liquors into uncivilized countries.

S. E. MORSS, formerly of this city, but now editor of the Indianapolis Sentinel, has recently been in Washington spending a few weeks, and in a letter to his paper has this to say about President Harrison: "He never was a popular man. There is nothing about him to captivate the public imagination. He is utterly devoid of tact. He has an extraordinary faculty of making everybody uncomfortable that comes near him. He doesn't understand human nature, and he never will. He is reserved, taciturn, suspicious. He does nothing graciously. When he confers a favor he does it in a way that leaves a sting. There have been many presidents who could decline a request and leave the disappointed man with a better taste in his mouth than the average recipient of Harrison's official favors has. There are several ways of doing things, and Harrison rarely fails to take the most disagreeable and offensive way of doing things, which, of themselves, might not be especially objectionable."

TRIP OVER THE TIES!

The Day's News as Heard Around the Railroad and Manufacturing Centers of the City.

The railroad depots are dull.

News did not fly on the breeze to-day.

This is the shortest month in the year.

The Grand Rapids pay car is on its rounds.

The Bass machinists are dandy entertainers.

The Olds works pay their employes to morrow.

The Olds wheel works are crowded with orders.

Many of the shop employes received valentines to-day.

The Wabash shops in this city are busy with repair work.

The electric light works will probably place a plant at Terre Haute.

The Bass machinists will give a pleasant hop at Arion hall to-night.

Robert Gilbert and Frank Riley have taken positions at the Olds wheel works.

The manufacturing establishments of the city are keeping their employes busy.

The Olds wheel works has put two automatic spoke turning machines in their factory.

Will Rehling, of the electric light works, had his thumb badly mashed in the machinery yesterday.

The Olds wheel works made a large shipment of spoke machinery and two band saws to Livermore, Ky., yesterday.

Charles Schermeyer, formerly on the mail carrier force, has taken a position as caller at the Pittsburg freight office.

George V. Kelley, night caller for the Wabash road at Andrews, died yesterday. He was twenty-eight years old and leaves a family.

The Old wheel works are now turning out 360 sets of wheels a day. They expect to increase their capacity so that 400 sets can be turned out a day.

W. W. Worthington, formerly superintendent of the Fort Wayne, Cincinnati and Louisville road, is now in Georgia looking after the construction of a new southern line.

George Jacobs, of the Merchants' Dispatch office, at Indianapolis, has accepted the position of private secretary to J. B. Barnes, superintendent of motive power of the Wabash, with headquarters at Springfield, Ill.

The thirty-fifth annual meeting of the American association of general ticket and passenger agents will be held in the City of Mexico, on the 18th of March. An elegant Pullman train is to be fitted out to carry the delegates to the convention.

The directors of the New York Central railroad have created the office of general manager, and promoted General Superintendent Toucey to that office, and Theodore Voorhees from assistant general superintendent to general superintendent.

Manager Geary, of the World's museum, is going to give a benefit performance to Brakeman Bley, who was injured on the road the other day. This is a manly and a generous act and should entitle Mr. Geary to the remembrance of the railroad men.

Within the last forty days twenty-three miles of steel rails, weighing sixty pounds to the yard, has been placed in the track of the Ohio, Indiana and Western road (Peoria division). Every foot of the Ohio, Indiana and Western main line is now laid with steel rail.

Secretary John I. White, of the Bass foundry and machine works, who is making a business trip through the west, writes Treasurer R. J. Fisher, of the works, an interesting letter on the paving question, giving information gathered from his trip through the big western cities. He favors asphaltum.

An official circular was issued yesterday by President Ingalls, of the Big Four, announcing that with the retiree of General Superintendent Blee, the office which he has filled is abolished. All division superintendents are ordered to report to E. A. Peck, assistant general superintendent. It is not believed this is meant to be a permanent arrangement.

The growth of the passenger business over the east and west lines crossing Indiana is a matter which excites a good deal of comment. Carefully prepared statistics show that within five years the business has doubled in its volume, and last year it exceeded any former year 15 per cent. The weaker lines, with their elegant new equipments, share with the strong lines in the improvement.

Colonel Lee, who is projecting a railroad line from Fort Wayne, along the Pittsburg, Fort Wayne and Chicago road, announces that he has a written contracts consolidating it with the Mahoning road. Colonel Lee has been working up the people at Plymouth, Valpaiuaso, and other points west to vote aid to the building of the New York, Fort Wayne, and Chicago railway. Elections will be held in April and May to decide the matter.

The proceedings of the Indiana state board of equalization in the assessment and equalization of railroad property for the purpose of taxation for the year 1889 shows the assessed valuation of railroad property in the several counties of Northern Indiana to be as follows:

Allen	$2,658,675
DeKalb	1,259,785
Elkhart	1,264,189
Kosciusko	1,114,355
Lagrange	256,600
Laporte	3,246,892
Noble	1,282 455
Porter	2,720,94
Steuben	187 055
St. Joseph	1,378,405

THE EIGHT-HOUR MOVEMENT.

"Eight hours for work, eight hours for rest, eight hours for what we will."

This, says the New York World, is the standard under which the American Federation of Labor, of which Samuel Gompers is president, has begun the battle to inaugurate the eight-hour movement May 1 next.

The matter was first considered at the annual convention of the organization, held in St. Louis in December 1888. It was determined to start the agitation and keep it up night and day until it brought forth the fruit so much desired. The workers were in earnest, and the movements has been kept before the eyes of the public ever since.

The organization has grown steadily, additional trades have become affiliated and thousands of strong armed laborers have entered the ranks, until the American Federation of Labor now represents nearly 5,000 trades unions, numbering according to the latest reports, 586,890 members.

The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health giving, blood purifying and appetite-restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition, when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

The house of commons contains many men of great age. Seven of its members sat in parliament before 1832.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

How to Cure La Grippe.

From the Des Moines Mail and Times.

Mr. George Tennant of this city, in conversation with a representative of the Mail and Times, one evening this week, said: "Yes, I took this prevailing influenza. I gave up work and went to bed. I had a dreadful cough and was very sick, but am all right now." We ventured to ask what remedy had proven successful in his case. "O, Chamberlain's Cough Remedy. I used a whole bottle, it brought me out all right; I feel first rate now. We are never without Chamberlain's medicines in our family."

This testimony is only one of many that might be given to show the value of these preparations. Those who are afflicted with this malady would do well to use Chamberlain's Cough Remedy. If used as directed it will be found effectual. Fifty cent bottles for sale by Geo. H. Loesch.

The Knights of the Golden Eagle gave their first annual hop last evening at Turner hall. A happy surprise during the evening was the presentation to the organization of a silk banner, Mrs. John A. Thieme doing the honors. Mr. McCaul accepted the gift. The First Regiment orchestra discoursed the music and these committees were in charge: Managers—J. Gronendike, manager in chief; O. M. Scott, assistant manager. Committee of arrangements—J. Benedict, J. A. Thieme, George H. Seaboldt, S. Lavanway and C. W. Pens. Floor managers—A. Kellar, F. J. Boerger, G. Troutman, G. Keiffer, W. C. Siebold, G. Gates, Joe Curr and C. Bushet. Reception committee—Charles F. W. Thieme, J. O. Brown, J. W. Thekenger, John W. McDonald, H. W. Hislop, William Fulshing and F. Stilson.

Infernal Ingenuity

Could scarcely devise more excruciating tortures than those of which you see the evidences in the face of a victim of neuralgic sufferer. The agonies are the consequence of not the king a rheumatic or neuralgic attack but the cause. Hostetter's Stomach Bitters has been found by skilful medical practitioners to possess not only remedial but defensive efficacy, where those diseases exist, or a tendency to them is exhibited, surely this pulssant but safe botanic medicine, bearing, too, such high specific sanction, is better than the poisons often employed but most unsafe, not only in continuance, but in isolated doses. The blood is depurated thoroughly from the rheumatic virus, and the nerves slightly impurged upon, save from ultimate and direful throes by this benign saving medicine, which likewise exhibits marked efficacy for malaria, kidney complaints, dyspepsia, constipation and liver complaint.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

SUGGESTIONS FOR THE SEASON.

[Medical Journal.]

Be specially careful of draughts and sudden changes.

Do not overwork. Of what use is wealth without health?

Keep your feet dry, but do not wear overshoes all the time.

Remember that the pores of your skin, when in health, are always open, and that closing them causes sickness.

Dress warmly, but not heavily. Woolen clothing that permits the exhalations of the body to escape, is the best.

Eat strengthening and hearty, but not too much greasy food. It is a mistake to suppose that fat food contains the most fat.

If you feel chilly at any time, take a drink of pure whisky at once. Duffy's Pure Malt is the purest and best and has the highest recommendations.

Do not call the Doctor for every slight ailment. If you have a cold, feel depressed and lack appetite and vigor you need something to tone and build up the system. Nothing will do this so readily as the pure article we have mentioned.

All delinquent taxes due from the payee of any County order must be paid before such order will be redeemed.

Sale of Lands and Lots for Delinquent Taxes, **Second Monday in February, 1890.**

I have also received the Gravel Road and Ditch Duplicates. All persons having Gravel Road or Ditch Tax will please call for such Tax.

The Treasurer will not be responsible for the penalty and charges on Delinquent Taxes, resulting from any omission of the person paying, to state definitely on what property, in whose name, and in what Township or Corporation it was assessed.

Assignees, Guardians, Administrators and others who pay taxes on property in trust, and persons whose taxes are complicated, such as undivided estates, etc., are earnestly requested to settle such taxes before the last few days, as it requires considerable time to make the division and separate receipts.

Tax Payers should examine receipts and change before leaving the Treasurer's Office, and see that they are correct.

THE KURDISH CHIEF

Is Confined in the Palace of the Sultan--Parnell Exonerated.

LONDON, Feb. 14.—Moussa Bey, the Kurdish chief, who was acquitted by a Turkish court of charges of robbery, outrage and oppression in Armenia, sufficiently grave and well based to have caused his conviction on the mere presentation of the allegations, has at last been run to earth.

At the request of Mr. Hirsch, United States minister at Constantinople, who has undertaken to right the alleged wrongs of two American missionaries, the sultan has had Moussa confined, not in a damp and loathsome dungeon, but in his own palace, the abode of the commander of the faithful.

The report of the Parnell special commission presented to parliament to-day, finds that the respondent members of the house of commons were not members of a conspiracy to establish the absolute independence of Ireland, but some of them, together with Michael Davitt, joined the land league with the intention to accomplish by its means, the independence of Ireland as a separate nation. The commission entirely acquits Mr. Parnell and the other accused members of insincerity in their denunciation of the Phœnix park murders, and finds that the fac simile letter published in the Times, upon which the charge was chiefly based as against Mr. Parnell was a forgery.

A Teacher's Removal.

NEW YORK, Feb. 14.—School Trustee Tisdale recently removed teacher Isabelle F. Lewis from one school to another without publicly giving any reason. Miss Lewis objected and there has been a good deal of gossip about the matter.

The Times this a. m. prints all the documents in the case, including Trustee Tisdale's report to Superintendent of Schools Jasper, in which the reason given for the transfer of the teacher is that Mr. Tisdale found her in the private room of her principal, Mr. B. D. L. Southerland, after school hours, and when there was no one else in the building.

It was thought best to quietly separate principal and teacher by a transfer, and avoid scandal. The Times severely condemns this course and says that if scandalous facts exist they should be exposed and abated, not suppressed.

FISH charms have been met with among many nations. The fish called the bullhead is used by some of the Russian peasants as a charm against fever. Many kinds of fish have two hard bones just within the sides of the head, and one species, the maigre, has these bones larger in proportion than many others. These two bones, called colic stones, are regarded to possess medicinal virtues. They were mounted in gold and hung round the neck.

ORTH STEIN!

The Notorious Lafayette Newspaper Man Turns up at Denver, Where He Assumes a Titled Role.

DENVER, Col., Feb. 14.—About the first of December last a well dressed young man made his appearance in Colorado Springs. He answered to the name of Captain Colthrope, and claimed to be a son of General Colthrope, of the British army, and a brother-in-law of Sir Richard Webster, England's attorney general. The exclusive English colony of the little city opened their doors and hearts to him at once, and for some weeks he was the lion of society. He visited this city and on invitation attended the annual reception of the Denver club, where he also carried all before him.

He was always ready for a quiet little game of draw, and for a subject of the queen was unusually adept at America's great game. On leaving the city he was a little short of funds, but several of his new-found friends gladly endorsed his checks on the Colorado Springs bank for $100 each. His stay at the Springs was only for a few hours, when he started for the west. He was in too much of a hurry to bid his many friends good-by, and it is needless to say his departure took place before the arrival of the Denver checks that were immediately returned to his admirers marked "no funds."

Soon after his departure several checks were returned from New York, that his susceptible victims in Colorado Springs had indorsed. The next heard of him was at Seattle, where he beat several English residents out of large sums by the bogus check racket. He was heard of next at Winnipeg, where he traded his army title for "My Lord." The identity of the man has been established, at least so it is claimed by Colorado Springs parties, and he is none other than the notorious Orth H. Stein, the newspaper man, forger and confidence operator, who killed Fredericks, the variety-show man, in Kansas City in 1883.

The man's history reads like a romance. He was at one time editor of the Lafayette, Ind., Daily Call, and also the Courier, and figured in a number of scrapes which will be readily recalled by Indianians. After his trial and acquittal at Kansas City he drifted west to San Francisco, forged a draft on C. P. Huntington, but escaped punishment through the instrumentality of his mother, went to Florida, was arrested for forgery, and released when the Whitechapel murders began to occur. His articles on the subject attracted the attention of Dr. Lathrop, of Baltimore, who befriended Stein, and in turn was taken in to the tune of $2,500. Stein escaped to England where he lived at the expense of many of the titled ones until about ten months ago. That he has turned the knowledge gained of English life to advantage is plain.

SHE'S DEAD IN LOVE.

Millionaire Snell's Daughter Was Determined to Have Green For a Husband.

NEW YORK, Feb. 14.—The World this morning devotes considerable space to the Green-Snell-McCrea marriage and trip to Europe. It states that it was learned yesterday that about a month ago Mrs. McCrea sent a letter to Green, in which she threatened to shoot him if he did not get a divorce from his wife and marry her.

Green was thoroughly alarmed at this letter and took it to Police Inspector Byrnes. The latter went to Mrs. McCrea and she promised to leave the city and trouble Green no more. It subsequently proved that Green was unable to keep away from the woman and they resumed their old relations. There seems to be no doubt but the European trip was proposed by her.

A dispatch from Savannah, where Green's wife is now staying with her brother-in-law, states that the deserted wife is prostrated with grief.

A LIVELY FIGHT

At Harper, Kan., Over a Railroad Election.

WICHITA, Kan., Feb. 14.—At Harper, sixty miles south of here, the ballot boxes for four wards in a railroad bond proposition vote were stolen Wednesday night. There was a bitter fight over the election Wednesday, and it is supposed that the proposition carried. The ballots for two precincts against bonds were not removed.

In attempting to make arrests yesterday, a street fight was started, in which one hundred men or more participated. One man was killed and many were badly injured, several, it is thought, fatally.

An effort is being made to secure Rev. Dr. Moffatt and others to officiate on that occasion and it is to be sincerely hoped that the pastor, Rev. J. L. Leeper, will then have recovered sufficiently to be present.

WANT THEIR SHARE.

The Monroeville Breeze Views Matters Politically.

The Monroeville Breeze says: "Last week while visiting the city of Fort Wayne, a Breeze reporter accidently ran onto a group of politicians who were warmly engaged in discussing the question as to how the city could down the country and get the city ring all into office.

"It would be advisable for the city to abandon such an idea, for to attempt such a course will be certain defeat for the democratic party. The country is entitled to their portion of the offices and are going to get it."

To show how abject is the worship of royalty in India, the following extracts from a poem written in Bombay to welcome Prince Albert Victor of Wales are pertinent: "A prince independent in dignity, high in beauty and grace, as lovely as the moon, the world boasts of the abilities of him descended from a royal line most exalted. Born of an heir-apparent, at whose feet the highest heavens do reverence to whom the world far and wide pays homage, the confronting enemy yields readily to his sword."

CHATTANOOGA, Tenn., Feb. 14.—Attachments were served on the Wininghain Lumber company, of this city, yesterday in favor of creditors to the amount of $160,000. This will in all probability force an assignment. It is thought a company will be organized to assume the company's business and continue the business.

AURORA, Feb. 14.—A vicious prize fight occurred here at 1 o'clock this morning between Reddy Brennan, of Montana and John Recket, of Streator, Ill., for a purse of $250 and a side bet of $500. Brennan lost in the seventh round on a foul. Ike Wier, the "Belfast spider," acted as referee.

ONLY A TRUCE!

Established Between Governor Miller and Treasurer Booker, of North Dakota.

BISMARCK, N. D., Feb. 14.—The declaration of peace between Governor Miller and State Treasurer Booker as to the former's alleged $10,000 offer to the governor, is more apparent than real. It is a surface truce, but the best interests of the republican party demand that it should be something more.

The senate's treatment of the attorney-general's opinion yesterday is indicative of the bad feeling that has been aroused. Every witness, pro and con, before the investigating committee adds fuel to the fire. The theory that the lottery advocates are doused politically is the theory of inexperience. The members who gave information to the press are known to the lottery champions, and they will be asked to come forward and tell what they know: If they decline their political assassination will be the order of the day.

WILL FIGHT FOR IT.

Indianapolis Displeased Because Fort Wayne Wants the Encampment.

Last evening the encampment committee of the G. A. R. met at George Humphrey post hall. The meeting was presided over by Chairman George D. Adams.

Letters from posts throughout the state were read and they were all in a spirit endorsing Fort Wayne as the place for holding the encampment in 1892.

Indianapolis is aroused over the energy displayed by the comrades in this city, and the G. A. R. committees there are urging upon the business men the importance of making the coming encampment a grand success, in order to assist them in getting the next one in '92.

Fort Wayne posts will have a great deal of support in her claim for the next encampment plum.

INVESTIGATING COMMITTEES.

They Decide to Take Different Routes and Then Compare Notes.

The special committee appointed by the council to visit cities to investigate pavement matters, met at the city hall last night. P. J. Scheid presided, and C. F. Haiber was secretary. On motion of Councilman Read, it was decided to divide the committee into three subcommittees to go in different directions. The division was made as follows:

Western Committee—Messrs. Scheid, Cody and Bandt, to visit Decatur, Springfield, Peoria, Bloomington, and Chicago, Ill.

Northeast Committee—Messrs. Meyer, Offenlach and Smith, to visit Mansfield, Fremont, Norwalk, Cleveland, and Toledo, Ohio.

East and southeast committee: Messrs. Read, chairman; Haiber, secretary; Hilgemann and Hilbrecht, to go to Columbus, Zanesville, Ohio; Wheeling, W. Va.; Steubenville, Ohio; Charleston, W. Va.; Pittsburg, Pa.; Buffalo, N. Y., at the latter place to give special attention to the inspection of asphalt pavement.

According to the resolution these committees are, in their examinations, to give especial attention to the following points:

1. Different kind of pavements in use.
2. The extent of each kind in use.
3. How long each kind has been in use.
4. The lasting quality of each kind.
5. The mode of making and laying each kind.
6. The price, per yard, of each kind.
7. The price in detail.
8. The guaranty given as to durability.
9. As to the adaptability of each pavement.
10. The opportunities to obtain material.
11. The prices of materials delivered in this city.

The committees will all start by Monday. They are expected to return home within a week from the time of their departure.

It is thought that some valuable information may be gathered to touch upon the very important subject that is now uppermost in the minds of property owners so far as municipal improvements are concerned.

MODEST MAY.

She Tried to Drop Her Two Hundred and Eighty Pounds Into the St. Mary's.

Last night, Mrs. May Montgomery, a colored, woman and wife of Edward Montgomery, a driver for Renner, Cratsley & Co., was frustrated in an attempt to commit suicide at the Wells street bridge.

Her queer actions led a couple of pedestrians to truly suspicion that she had designs on her own life. They interfered as she was about to emulate McGinty, and after a hard struggle, May and her 280 pounds were lugged into the patrol wagon and conveyed to the police station. She was released on petition of her husband.

The officers state that the woman had been drinking.

Mrs. Montgomery is the daughter of Joseph Wall, the colored murderer, and some regard her as not being responsible for her actions at times.

Mr. and Mrs. Montgomery have not been getting along well in domestic happiness.

FRIDAY, FEB. 14, 1890.

A TARIFF reform club has been organized at Warsaw.

FINDLAY, Ohio, will pave several miles of her streets this summer.

THE twenty-sixth national Saengerfest is now in session at New Orleans.

THE new code of rules occupies the attention of the lower house of congress.

FORT WAYNE should extend a welcome and liberal hand to manufacturers seeking a location in this city.

THE people of Larwell, Ind., are all terrorized by the appearance of a wild and ferocious animal in their neighborhood.

THE young folks are happy to-day. Missives sweet and sour are flying through the mails, because it is Valentine day.

THE Northern Indiana Teachers' and Superintendents' association will hold a ten days session at Columbia City, April 4th and 5th.

THE anniversary of Lincoln's birth occurred Wednesday. The anniversary of Washington's birth occurs one week from to-morrow.

THE seventieth birthday of Mrs. Susan B. Anthony occurs to-morrow and as yet we have heard of no move to celebrate it in this city.

THE president has authorized the expenditure of $3,000 for the relief of the present urgent needs of the Devil's Lake Indians in North Dakota. A measure is pending in congress appropriating $25,000 additional for the subsistence of these Indians.

IT is said that Mayor L. W. Royse, of Warsaw, will be a candidate for member of congress from that district before the next Republican convention. Aside from his politics, Mr. Royse is an excellent man. He is one of the most eloquent orators in Northern Indiana.

MR. C. G. CONN, of Elkhart, of whom considerable has been said in months past, and who established the Daily and Weekly Truth, in order to strike back at his assailants, has purchased the Elkhart Sentinel, and W. H. Norton, editor of the Sentinel, will have charge of the new Truth.

MRS. J. ELLEN FOSTER, J. N. Stearns, and J. W. Powell, appeared before the house committee on alcoholic traffic yesterday, and made an argument in favor of a bill for the appointment of a commissioner of the alcoholic liquor traffic; also a bill to prohibit the shipment of liquors into uncivilized countries.

S. E. MORSS, formerly of this city, but now editor of the Indianapolis Sentinel, has recently been in Washington spending a few weeks, and in a letter to his paper has this to say about President Harrison: "He never was a popular man. There is nothing about him to captivate the public imagination. He is utterly devoid of tact. He has an extraordinary faculty of making everybody uncomfortable that comes near him. He doesn't understand human nature, and he never will. He is reserved, taciturn, suspicious. He does nothing graciously. When he confers a favor he does it in a way that leaves a sting. There have been many presidents who could decline a request and leave the disappointed man with a better taste in his mouth than the average recipient of Harrison's official favors has. There are several ways of doing things, and Harrison rarely fails to take the most disagreeable and offensive way of doing things, which, of themselves, might not be especially objectionable."

TRIP OVER THE TIES!

The Day's News as Heard Around the Railroad and Manufacturing Centers of the City.

The railroad depots are dull.

News did not fly on the breeze today.

This is the shortest month in the year.

The Grand Rapids pay car is on its rounds.

The Bass machinists are dandy entertainers.

The Olds works pay their employes to-morrow.

The Olds wheel works are crowded with orders.

Many of the shop employes received valentines to-day.

The Wabash shops in this city are busy with repair work.

The electric light works will probably place a plant at Terre Haute.

The Bass machinists will give a pleasant hop at Arion hall to-night.

Robert Gilbert and Frank Riley have taken positions at the Olds wheel works.

The manufacturing establishments of the city are keeping their employes busy.

The Olds wheel works has put two automatic spoke turning machines in their factory.

Will Rehling, of the electric light works, had his thumb badly mashed in the machinery yesterday.

The Olds wheel works made a large shipment of spoke machinery and two band saws to Livermore, Ky., yesterday.

Charles Schermeyer, formerly on the mail carrier force, has taken a position as caller at the Pittsburg freight office.

George V. Kelley, night caller for the Wabash road at Andrews, died yesterday. He was twenty-eight years old and leaves a family.

The Old wheel works are now turning out 360 sets of wheels a day. They expect to increase their capacity so that 400 sets can be turned out a day.

W. W. Worthington, formerly superintendent of the Fort Wayne, Cincinnati and Louisville road, is now in Georgia looking after the construction of a new southern line.

George Jacobs, of the Merchants' Dispatch office, at Indianapolis, has accepted the position of private secretary to J. B. Barnes, superintendent of motive power of the Wabash, with headquarters at Springfield, Ill.

The thirty-fifth annual meeting of the American association of general ticket and passenger agents will be held in the City of Mexico, on the 18th of March. An elegant Pullman train is to be fitted out to carry the delegates to the convention.

The directors of the New York Central railroad have created the office of general manager, and promoted General Superintendent Toucey to that office, and Theodore Voorhees from assistant general superintendent to general superintendent.

Manager Geary, of the World's museum, is going to give a benefit performance to Brakeman Bley, who was injured on the road the other day. This is a manly and a generous act and should entitle Mr. Geary to the remembrance of the railroad men.

Within the last forty days twenty-three miles of steel rails, weighing sixty pounds to the yard, has been placed in the track of the Ohio, Indian and Western road (Peoria division). Every foot of the Ohio, Indiana and Western main line is now laid with steel rail.

Secretary John I. White, of the Bass foundry and machine works, who is making a business trip through the west, writes Treasurer R. J. Fisher, of the works, an interesting letter on the paving question, giving information gathered from his trip through the big western cities. He favors asphaltum.

An official circular was issued yesterday by President Ingalls, of the Big Four, announcing that with the retire of General Superintendent Blee, the office which he has filled is abolished. All division superintendents are ordered to report to E. A. Peck, assistant general superintendent. It is not believed this is meant to be a permanent arrangement.

The growth of the passenger business over the east and west lines crossing Indiana is a matter which excites a good deal of comment. Carefully prepared statistics show that within five years the business has doubled in its volume, and last year it exceeded any former year 15 per cent. The weaker lines, with their elegant new equipments, share with the strong lines in the improvement.

Colonel Lee, who is projecting a railroad line from Fort Wayne, along the Pittsburg, Fort Wayne and Chicago road, announces that he has a written contracts consolidating it with the Mahoning road. Colonel Lee has been working up the people at Plymouth, Valpairaso, and other points west to vote aid to the building of the New York, Fort Wayne, and Chicago railway. Elections will be held in April and May to decide the matter.

The proceedings of the Indiana state board of equalization in the assessment and equalization of railroad property for the purpose of taxation for the year 1882 shows the assessed valuation of railroad property in the several counties of Northern Indiana to be as follows:

Allen	$2,654,675
DeKalb	1,259,185
Elkhart	1,391,190
Kosciusko	1,111,25
Lagrange	250,019
Laporte	2,216,102
Noble	1,291,175
Porter	4,759,191
Steuben	187,655

Whitley	987,553

THE EIGHT-HOUR MOVEMENT.

"Eight hours for work, eight hours for rest, eight hours for what we will."

This, says the New York World, is the standard under which the American Federation of Labor, of which Samuel Gompers is president, has begun the battle to inaugurate the eight-hour movement May 1 next.

The matter was first considered at the annual convention of the organization, held in St. Louis in December 1888. It was determined to start the agitation and keep it up night and day until it brought forth the fruit so much desired. The workers were in earnest, and the movements has been kept before the eyes of the public ever since.

The organization has grown steadily, additional trades have become affiliated and thousands of strong armed laborers have entered the ranks, until the American Federation of Labor now represents nearly 5,000 trades unions, numbering according to the latest reports, 586,800 members.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health giving, blood purifying and appetite restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition, when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER CO., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

How to Cure La Grippe.

From the Des Moines Mail and Times.

Mr. George Tennant of this city, in conversation with a representative of the Mail and Times, one evening this week, said: "Yes, I took this prevailing influenza. I gave up work and went to bed. I had a dreadful cough and was very sick, but am all right now." We ventured to ask what remedy had proven successful in his case. "O, Chamberlain's Cough Remedy. I used a whole bottle, it brought me out all right; I feel first rate now. We are never without Chamberlain's medicines in our family."

This testimony is only one of many that might be given to show the value of these preparations. Those who are afflicted with this malady would do well to use Chamberlain's Cough Remedy. If used as directed it will be found effectual. Fifty cent bottles for sale by Geo. H. Loesch.

Internal Ingenuity

Could scarcely devise more excruciating tortures than those of which you see the evidences in the face of a rheumatic or neuralgic sufferer. The agonies are the consequence of and the king a rheumatic [illegible] the outset, Hostetter's Stomach Bitters has been used by skillful medical practitioners to possess not only remedial but defensive efficacy, where those diseases exist, or a tendency to them is exhibited. Surely this pleasant but safe botanic medicine, bearing such high specific sanction, is better than the poisons often employed but most unsafe, not only in continuance, but in frequent doses. The blood is depurated thoroughly from the rheumatic virus, and the nerves slightly impinged upon, saved from ultimate and direful throes by this benign saving medicine which likewise exhibits marked efficacy for malaria, kidney complaints, dyspepsia, constipation and liver complaint.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

SUGGESTIONS FOR THE SEASON.

[Medical Journal.]

Be specially careful of draughts and sudden changes.

Do not overwork. Of what use is wealth without health?

Keep your feet dry, but do not wear overshoes all the time.

Remember that the pores of your skin, when in health, are always open, and that closing them causes sickness.

Dress warmly, but not heavily. Woolen clothing that permits the exhalations of the body to escape, is the best.

Eat strengthening and hearty, but not too much greasy food. It is a mistake to suppose that fat food contains the most vitality.

If you feel chilly at any time, take a drink of pure whisky at once. Duffy's Pure Malt is the purest and best and has the highest recommendations.

Do not call the Doctor for every slight ailment. If you have a cold, feel depressed and lack appetite and vigor you need something to tone and build up the system. Nothing will do this so readily as the pure article we have mentioned.
